SPECIAL TERM OF COURT TO TRY HANTCHETT.

JUSTICE TO BE METED
MURDERER OF 15-YEAR-OLD
BOY TEDDER.

Justice received at DeLand this morning that Judge Minor S. Hantchett, who will call a special term of court at once to try Hantchett, the self-confessed murderer of Cleve Tedder, a 15-year-old boy who was stabbed to death at DeLand last Saturday.

Hantchett is supposed to be still in jail at St. Augustine, and the feeling against him around DeLand is abating somewhat. The officials have not yet decided whether or not to try him in the county or in some county near by.

PRODUCE SITUATION EAST COAST FAVORABLE.

E. G. SNOW, STAFF CORRESPONDENT OF THE NEW YORK PACKER,
TALKS OF CONDITIONS OF
FRUITS AND VEGETABLES ON
THE EAST COAST.

E. G. Snow, staff correspondent of the New York Packer, has arrived in the city and will remain here for several days.

Mr. Snow has covered the lower East Coast and reports the produce situation very favorable. The tomato and vegetable acreage is about the same as last season and the plants are growing off nicely. Pineapples are blooming at most points but the crop will not exceed 60 to 70 per cent of a full yield. Many pineapples are in deplorable condition and the pines will undoubtedly run small.

The crop will be later than usual and it is hoped the Cuban product will be largely marketed in advance of the East Coast product.

In conclusion Mr. Snow said that he thought Daytona one of the prettiest places he had ever visited.

DRIVES IN FLORIDA A CAR MADE IN CALIFORNIA

Mr. and Mrs. G. H. Roose, of St. Louis, season guests of the Brolton Inn, Ormond Beach, were Daytona visitors in their automobile Thursday afternoon, accompanied by Mr. and Mrs. F. C. Colby, of Ormond.

Mr. Roose's auto is probably the only one of its kind in Florida, being a California car, a Duro, manufactured at Los Angeles.

Mr. Roose will make a run to Ormond next Monday and contemplates later a trip to Tampa in his machine.

POSSE FIRES ON MOBS; ONE KILLED.

FUTILE ATTEMPT MADE TO RUSH
JAIL AND LYNCH TWO NEGRO
PICK-POCKETS AT CAIRO.

CAIRO, Ill., Feb. 18—Mobs who were rushing the jail to lynch two negro pick-pockets were fired on by the sheriff's posse today and one man killed and four wounded.

The militia has been called out by Governor Deneen and is now guarding the jail.

The mobs were dispersed by a posse before the arrival of the troops.

The man killed was Joe Alexander Halliday; wounded: Sam Wessinger, John Maloney, George Walker and Horton Greehan.

Gov. Deneen today closed all saloons. The adjutant-general announced that additional troops will arrive this afternoon.

YOUNG LADY KNOWN HERE WEDDED IN CALIFORNIA.

The marriage of Miss Florida Marion Luce, of Grand Rapids, Mich., to Glen Herbert Downs occurred on Jan. 26th, at San Diego, California.

Mr. and Mrs. Charles Augustine Luce have spent several seasons in Daytona and cards announcing the marriage were received yesterday.

SYNDICATE TELLS ITS SIDE OF THE STORY.

WASHINGTON, Feb. 18—Representatives of the Morgan-Guggenheim syndicate today before the Senate Committee on Territories for the first time gave their side of the Alaskan syndicate operations.

They declared that the syndicate financed all its ventures and has not taken anything from the public.

POPULAR ATTRACTION COMING TOMORROW.

The ever popular little comedians, The Lyman Twins, are to be seen here soon in a brand new up-to-date musical show, "The Prize Winners," which from reports in other states has more than made good and is by far the best vehicle from a standpoint of dramatic worth in which these clever little laugh makers have ever before appeared. This new attraction is a production of note with a heavy and beautiful scenic investment which rivals the best. The chorus groupings and costumes are said to be stunning and some of the numerous jingling song hits real novelties. They will appear at the the Opera House tomorrow night.

Mr. and Mrs. D. F. Hardesty, who were visiting with their granddaughter, Mrs. D. D. Dieffenwerth, at Kingston, have returned to their home at Sebastian.

HEAVY LOSS OF LIFE BY CRETEAN QUAKE.

MANY BUILDINGS DAMAGED TODAY
ON THE ISLAND—DETAILS AS
YET ARE MEAGER.

CANEA, Crete, Feb. 18—Many buildings were damaged today by a severe earthquake.

It is reported that six bodies have been extracted from the ruins at Varpetre.

Details are very meager but it is feared that a heavy loss of life has occurred throughout the island.

...Carnival Week in Daytona...

The carnival spirit has charged the air and is tingling in the blood of old and young alike. The Maryland Amusement Co. has its hippodrome and its eight or ten booths stretched on the river front parkage on Beach street. Afternoons and evenings they are holding forth to the amusement of large crowds.

Daytona is given over to the contagion of merry making, and it is difficult for the staid wage workers to hold themselves level over their task after the electric lights bead the tents of the company, and the music, trumpet and blatant noise and glare invite them into the open.

Daytona is overflowing with visitors, earlier this season than ever before, and the promptness with which they empty themselves into Beach street afternoons and evenings since the coming of the Maryland merry makers would at least indicate that they were not adverse to being entertained in this way, whether the entertainment consists to them in the carnival or the crowd.

There is music everywhere from the cheapest hand organ to the finest orchestral music, and the stores and show windows are offering a bewildering display of beautiful goods, so much so that tourists visiting Daytona are greatly surprised that a town of

its size should excel larger near-by cities. But Daytona merchants have had years of experience in catering to the best, and go to the eastern markets prepared to please their class of patrons. And from the crowd that throng the stores and shops the business people of our city must be making good for anything that was lacking in the early part of the season.

But about the carnival! If you do not want to catch the spirit of it, don't join the rollicking, feather tickling, confetti throwing, jest making and enjoying crowd that surge up and down both sides of Beach street for there is no elixir that is more insidious and certain in its uplift than that of a multitude bent on chasing pleasure for the passing hour. But why not let down for a few hours and see life as something else besides the hard bread and butter question or the foolish reaching for more money or perhaps social fame or position. Perhaps it is just as well once in a while to get into the truly carnal spirit. Forget your set dignity or age, and look with the level trusting eye of youth at the bright, foolish panorama. There is a time to laugh, and if not at carnival time, when?

Handsome Trophy Donated by The Daily News for the Daytona Beach Automobile Speed Carnival.

DAILY NEWS TO AWARD FINE TROPHY.

JACKSONVILLE TIMES - UNION
WILL PROBABLY OFFER ANOTHER SPEED CROWN.

Five trophies are yet needed to make up the prizes which are to award the winners of the different races on the program for the Daytona Beach automobile speed carnival scheduled for March 22, 23 and 24.

For the two-miles-a-minute speed king race it is probable that the Jacksonville Times-Union will offer a replica of the magnificent gold speed king crown given in 1906. The matter will be decided by tomorrow afternoon and there is every indication that the donors of the trophy won by Victor Demegeot, of Paris, by driving his 8-cylinder Darracq in 58 4-5 seconds, will again hang up the most highly prized trophy ever given in the history of automobile racing. The deed of gift will carry with it the condition that the man and car will have to break both the mile record made by Marriott of 28 1-5 and the two-mile record made by Demegeot of 58 4-5. Both Ralph DePalma, the 200-horse power Fiat pilot, and Barney Oldfield, owner of the new 200-horse power Benz, declare that it will be the easiest task of their lives to breeze a couple of miles faster than the Frenchman travelled.

For the stock car races five trophies will have to be donated by local enthusiasts, and the Daily News will head the list by offering the handsome trophy shown in the illustration shown on this page.

Who are the other four individuals or firms that will give the other cups necessary to send each of the race winners home with a prize worthy of being exhibited as a reward for a victory over the greatest race course in the world?

The list of events is in the hands of the contest board of the American Automobile Association and will be announced as soon as the chairman of the board accepts the terms and conditions of the different races as being official.

THE WHITE HOUSE BECOMING WORRIED

WASHINGTON, Feb. 18 — The White House is worried over the unsatisfactory progress of administrative legislation. The only Taft measure within two weeks of a vote is the Senate postal savings bank bill. The President is working hard to pass it.

The Taft-Ballinger conservation bill seems to have disappeared, and the inter-state commerce bill is due for a long delay.

On account of the postal savings bank bill the President has been forced to side-track the Alaska reorganization and Arizona-New Mexico statehood bills.

BLIZZARD IS SWEEPING THE MIDDLE WEST.

TRAFFIC IN OHIO TIED UP—MUCH SUFFERING AMONG THE POORER CLASSES.

CLEVELAND, O., Feb. 18—The Middle West is tied up by a terrible blizzard. Traffic is crippled and much suffering exists among the poor.

Three trainmen are dying as a result of a wreck due to the storm on the Detroit, Toledo & Ironton road near Springfield.

SEN. TILLMAN MAY NOT RECOVER.

SOUTH CAROLINA SENATOR HAS
BEEN UNCONSCIOUS ALL DAY,
AND DEATH IS FEARED.

WASHINGTON, Feb. 18—The condition of Senator Ben Tillman this afternoon is declared to be serious. He has been unconscious all day and it is feared he will not recover.

The worst collapse occurred Wednesday but it was not thought serious at that time.

ILLUSTRATED LECTURES AT CONGREGATIONAL CHURCH.

A stereopticon lecture course will be given at the Congregational Church by E. K. Snell, beginning on Feb. 22 and including March 3, 10, 17 and 23 and April 7. The lectures will be from personal observations with illustrations of Yellowstone Park, Yosemite Valley and the Holly Land.

ANNUAL MUSICAL SESSION OF THE PALMETTO CLUB.

DEVOTED TO INTERESTING PAPER ON GERMAN FOLK SONG, ILLUSTRATED WITH SONGS FROM THE NINTH CENTURY TO THE PRESENT TIME.

The club calendar gave Thursday afternoon as the annual musicale, but the usual musical program was not given, instead Miss Klieb was engaged to give an interesting paper in German Folk Song, which she illustrated with songs from the ninth to the present century. Miss Klieb has a fine voice and thoroughly understood her subject.

Mrs. M. Huston, second vice president, presided in a delightful manner.

Mrs. Graham Thompson announced the Civic Department would give a Fake Fair on the 25th for the benefit of Island Park and asked for donations of money or work, also articles for the fish pond, fancy table or refreshments. It is hoped that all club members will aid the committee in every way possible and a large sum may be realized.

It was decided to have a Club Tea next Thursday afternoon.

Mrs. Downing, much to the pleasure of the club, announced that the major would help entertain the club at the next regular meeting.

Mrs. Huston called attention to the new side walk that had been built around the side of the club house.

Mrs. Belle A. Rozby had charge of the music.

Mrs. A. B. Foster and Mrs. G. E. Sebring were hostesses of the afternoon.

A social hour, during which refreshments were served, closed the afternoon.

SEABREEZE

SEABREEZE and DAYTONA BEACH, two enterprising and progressive towns on the Halifax Peninsula, are geographically one although incorporated as separate municipalities. The towns parallel the peninsula north and south for a distance of from three and one-half to four miles, and extend east and west from the surging seas of the Atlantic Ocean to the Halifax River, the beautiful tide-water stream that sets them apart from Daytona with which they have close communion by means of three bridges, as well as a half-hour ferry service.

Seabreeze and Daytona Beach are essentially summer and winter resorts and are making hundreds of new friends every year among those who desire to escape the discomforting extremes of heat and cold, and their hotels and boarding houses are now receiving splendid patronage from the most discriminating class of tourists.

The mean average temperature, 80 degrees in the summer and 70 degrees in the winter, with an occasional extra rise or drop of a few days' duration, marks this as one of the most healthful locations in any section of the country, north, east, south or west.

The ocean itself, with its marvelous beach, hard as macadam and smooth as a floor, is the greatest attraction, although earth and air and sky seem to have entered into a combination to enhance its every charm. The beach is the famous automobile race course where every world's straightaway record has been made, and all these records it continues to hold without rivalry.

The sand of this famous speedway is composed largely of the shells of the quina quina clam, which are about one-half inch long and very thin. For ages Nature has been rolling them up, washing them back into the surf and pulverizing them. Examined under the microscope each particle is round, unfit for mortar, builders say, because its smoothness prevents its holding together, yet, strange to contemplate, the very moment a wave leaves the wet, apparently soft beach, these round particles settle down into a cement almost as hard as asphalt, beyond the comprehension of one who has not seen it. Repairs are unnecessary, as twice each 24 hours it is entirely rebuilt by the tides. The beach has a width of 300 to 500 feet, and can be used from two hours after until two hours before high tide, thus giving an average of seven or eight hours for automobiling some part of each day.

Seabreeze and Daytona Beach each have a permanent population of approximately 1500. Sanitary ordinances are strictly enforced, streets and sidewalks are well kept, and new streets are being opened as fast as the increasing population demands. Besides hotels and boarding houses there is ample cottage accommodation for all winter visitors.

Seabreeze contains a handsome opera house and a Congregational Church; at Daytona Beach is a M. E. Church. An excellent high school is situated near the division line between the two towns. Both towns have enterprising business establishments, as is evidenced by the advertisements on the left and right.

All the attractiveness of Seabreeze applies to Daytona Beach, the two towns being so similarly situated. The development of Daytona Beach has been fully as phenomenal as its sister on the north, and each year there is a substantial growth. The great sand dunes have been leveled and handsome homes have been built for both winter and all-year-round occupancy. Flowering shrubs have been planted, which are covered with a wealth of bloom both summer and winter.

Work of rebuilding the Clarendon hotel is now in progress. This magnificent fire-proof structure, which is to contain 250 rooms, when completed will be the peer of any hotel in Florida. The site is immediately north of the clubhouse of the Florida East Coast Automobile Association. The Ocean Pier is a great attraction to fishermen and it is lined summer and winter with enthusiastic disciples of Izaak Walton, who find it nothing unusual to land fish weighing several hundred pounds.

By L. C. DEMAREE.
One of Daytona's crowning glories is her incomparable beach. No one who ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world-beater, a world-wonder. Go stand upon this wide speedway and see the happy souls flit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pellucid Halifax River. Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her bosom, gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon the waves; watch that lubberly old white headed pelican pouch a fat mullet, and that fish hawk struggling upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, their hampers and lockers bulging with refreshments both solid and liquid ready for a cruise upon this beautiful surface. Take out your flet glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies and the wide-spreading branches of the heavy-trunked live oaks extend their giant arms across the magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from the tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with elfish draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

See the glistening leaf of the grand magnolia which nature has varnished as no artists' brush ever could; and the cabbage palms with their burdens of showy fruit and swaying palms; see the lovely holly with its exquisite berry; see the climbing vines run riot in the trees; see the cryptogamous forms which gain a foothold on the great oaks and stately palms, and surely you will join in the chorus and say that this is a world wonder for beauty. Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps, commands more nearly universal attention and praise than does the artistic cottages. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and, as the architecture of one section of the country differs from the architecture of another, so do their homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering, "What next?"

It is not only the exterior of many of these homes which rivets attention; within they are models of convenience, and the finishing and furnishing give evidence of the elegance and cultivation of those who worked it all out. Indeed, it is the interior arrangement and artistic furnishing and shading, more than the exterior appearance that gives a surpassing charm to Daytona homes. This feature justly merits prominence as another wonder.

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed, but that such is a fact must be apparent to the most

superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the finishing touches which have wrought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of parkage. The entire city becomes a great park, with driveways intersecting, miles upon miles of driveways so good as to attract motorists from all over the continent.

And as for the pavements, pavements that look and act like granite, —where else between the eastern and western seas are so many miles in proportion to inhabitants? The pavement question stands with the street as one of the chief drawing cards. Till some unheard of place reports more and better, Daytona throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruit. Whatever one's shortcomings and however indifferent or even callous one may be to many things, the mere mention of "flowers and Squirrels, birds and fruits" will send a thrill that is reflected in distended pupils and pricked ears.

For every visitor with a spare goober there is a bunny ready to come and accept your gift. He will sit bolt upright and know into the meat, casting furtive, saucy glances at you meanwhile.

Flowers. Usually fresh and blooming the year 'round You are reminded of Goldsmith's couplet where Smiling spring its earliest visit paid And summer's lingering blossoms are delayed.

In one yard roses of variegated hues predominate; another household has a penchant for the poinsettia and the premises are aflame; another is hidden in a jungle of tall cane. Variety is the spice of life and here is where you find it.

The birds flit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes, which for beauty, prolificacy and all desirable qualities would truly astonish you. The Fastest Autos and The Finest Out.

The seventh world wonder, do you ask? Come, whether from Missouri or from Maine, from Kalamazoo or Timbuckto, and you will be "shown." Here is where the world's record for speed is broken with every recurring season. Autos, the biggest, the fastest, and the finest are on daily parade, and the big show is as free as the pure artesian water from the thousands of flowing wells. It is a continuous show with constantly shifting scene.

Everything goes, from a 2-horse power, up to a 200-horse power, and all degrees of speed from acanter to a two-mile-a-minute clip. You will probably catch the spirit, when you do the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down into your wallet only for coin for auto, and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.

PROGRESSIVE NEW SMYRNA

NEW SMYRNA is situated fifteen miles south of Daytona and is an ideal spot reached from Daytona by a hard surface road winding through one of the most picturesque parts of Florida.

With its ancient ruins dating back to a time when the history of man runneth not, interlaced with wires of the modern telegraph and telephone, its miles of shell streets as hard and smooth as a floor and over-arched by hoary forest giants that grew in state grandeur during the lapse of bygone centuries, New Smyrna is truly a place of romance and rest.

All nature here is very inviting to the tourist and pleasure-seeker. Here too is to be found the best fishing and hunting in the State of Florida.

The people are thrifty, the business men enterprising, and all unite in extending the welcome hand of hospitality to strangers. There are five church edifices for white people and an equal number for the colored population; the town has an excellent high school, a splendid public library, and up-to-date business houses.

There are any number of pretty homes for the permanent population, which numbers close to 2,000, and some very fine winter residences. There are good hotels and boarding houses where you can find accommodations to meet your requirements.

Adjoining New Smyrna is as fine a section of vegetable land as can be found anywhere. This land has been divided into small farms which can be bought at reasonable prices. Some of the finest celery grown in the State is raised on this land. All other vegetables grow in abundance, and here, too, is the home of the famous Indian River oranges.

New Smyrna has no bonded indebtedness and the tax levy is low. A point that no tourist should fail to visit is the ruins of the Old Spanish Mission which stand somber and alone about one and a quarter miles southwest of New Smyrna. A good road leads to the place and the trip can be easily made by an automobile.

Silent, in the great pine flats by the margin of the forest, is this place of pilgrimage for the pious; this rendezvous for the picnicer. The ruins are extensive, and while there is no authentic history of their origin, it is presumed that the Mission was built by the Franciscans in the days when the once powerful Kingdom of Spain first planted its flag upon what is now American soil. It was built of coquina, the roof being of the same material, cut into thin slabs and covered with cement plaster. Extensive gardens surrounded it, which were enclosed by a stone wall, portions of which still remain. Visitors usually come in parties merry and curious but the spell of the place soon falls upon them and they separate to sit alone, silent and meditative, under the arches or beside the ancient well.

CORONADO
Is situated on the peninsula opposite New Smyrna and is connected by a good road and bridge over the deep current of Indian River. Here you can put aside your conventional garb, breathe in large and deep the salty tonic of the sea and enjoy yourself to your heart's content with rod and reel in row or sail boat or in the ocean surf a short half-mile away. The great varieties of fish inhabiting the river and lagoon pass through the channel from the sea beneath the bridge. From verandas, upper balconies and windows you behold the magnificent river, the distant lagoons and islands, the forest-covered peninsula and the vast reaches of the Atlantic Ocean.

HAWKS PARK
A pretty village located along the ridge above the Indian River two and one-half miles south of New Smyrna and connected with fine shell roads. There is the appearance of newness, comfort and seclusion about the place which stamps it as the abode of people who come here to enjoy the blessings of outdoor life away from places where crowds are apt to gather.

ORMOND is five miles north of Daytona, located on the western bank of the Halifax River. The location of the town permits of good drainage and perfect sanitation; the elevation is superb and ideal for winter homes. A wide bridge connects Ormond with Ormond Beach.

Many fine residences are maintained on either side of the river, most of them embellished with sub-tropical flora and shrubbery, besides thrifty orange and other citrus fruit trees.

The town is very cosmopolitan, has an excellent graded school, several churches, a fine public library, up-to-date places of business and comfortable and convenient hotels and boarding houses.

Ormond has many of the Florida attractions—fine fruit, good fishing, excellent automobilism, safe boating, salubrious climate and pleasant walks and drives.

At Ormond Beach is located the large Hotel Ormond, and its lesser sister, Bretton Inn. The former occupies a position overlooking the Halifax River, while the latter has as its outlook the magnificent beach and the broad Atlantic.

The walks in all directions are particularly attractive, and the arbors, shady and inviting spots and romantic nooks are crowded with rustic seats which are mute invitations to enter into the enjoyment thereof.

Besides the broad, smooth ocean beach there are many drives for carriage or automobile—long drives and short drives; drives through groves of golden oranges; drives through dense tropical forests to Spanish ruins; drives to the ancient Causeway built by the slaves of plantations of long ago, and drives to the plantations of hospitable settlers, whose places are replete with the interest of Southern fruits and flowers.

One of these interesting plantations is Number Nine, located on the peninsula, five miles north of the Hotel Ormond. Here you see a fine orange grove, together with great varieties of other sub-tropical fruits and flowers.

Five miles further on you come to Moundgrove, one of the finest orange groves in this section of Florida. Moundgrove is on the headwaters of the Halifax River and is amid pretty surroundings. The place is reached by a good road [passing Number Nine] and is a drive all tourists may enjoy.

DELAND, the county seat of Volusia County, is situated 23 miles southwest of Daytona and is reached from the latter city by an excellent hard-surface road recently constructed.

At Deland is located the John B. Stetson University, one of the leading educational institutions of the South. Because of the interest in matters educational Deland is known as "The Athens of Florida."

Stetson University has a faculty of 50 professors and instructors. There are over \$400,000 in buildings and equipment; nearly \$300,000 endowment; a Carnegie Library alone representing an investment in building, endowment and books, of more than \$120,000. The library is the United States Government depository for the State of Florida, and contains over 15,000 volumes. Science Hall, one of the newest of 16 buildings, with its furnishings, represents an outlay of \$60,000. Elizabeth Hall is one of the most beautiful college buildings in the South.

The city has a population of about 3,500, with a thickly settled country adjacent. Deland proper is five miles east of the St. Johns River, on the high, rolling pine land of the great "Orange Ridge" of Florida.

The predominating products are oranges and grapefruit, the estimated crop from this vicinity being over 300,000 boxes this year. Grapes, peaches, pears, Japan persimmons, plums, pecans, guavas, strawberries and other fruits are grown in plenty.

In the way of public improvements are many miles of fine shell roads, an excellent high school, electric lights, a system of waterworks that is owned and operated by the city, supplying the purest water at little cost.

Nine houses of worship testify that Deland is a church-going community. Baptists, Episcopalians, Methodists (Northern and Southern), Presbyterians, Christians and Catholics, besides colored Baptists and Methodists, are represented.

The graded school offers a ten years' course, and the building which it occupies is newly furnished throughout, and is one of the most commodious and best equipped public schools in the State.

The trip from Daytona to Deland is made by automobile in a little over an hour, and there are many pretty drives in the vicinity of the county site. A good road leads to DeLeon Springs, five miles, a historic spot, where 60,000 gallons of water bubble from the earth every minute.

From Deland automobiles go south to Osteen, 18 miles, on shell and marl roads; the St. Johns is crossed by ferry near Osteen and cars can then continue to Sanford and Orlando by hard road. There is a shell road from Deland to Orange City, five miles, and a good road from Deland to Lake Helen, a like distance.

LAKE HELEN
Surrounded by several pretty lakes and guarded by lofty pine trees is Lake Helen, a winter resort of no little importance. Camp Cassadaga, a spiritualistic camp-ground is situated near Lake Helen and at this place several hundred people make winter headquarters. A large lumber mill and the largest brick plant in the South are located at Lake Helen.

ORANGE CITY
The principal attraction around Orange City is the many handsome golden orange groves. The town is supplied with water said to be the purest in the world, another attraction to visitors. It is at Orange City that passengers over the Florida East Coast Ry. transfer to carriages and drive to Deland. The town is surrounded by land peculiarly adapted to the cultivation of citrus fruits.

PAULHAN FLYING IN BIPLANE AND MONOPLANE AT LOS ANGELES.

PAULHAN IN BLERIOT MONOPLANE

PAULHAN FLYING IN FARMAN BIPLANE

In his fine flights at Los Angeles during the first aviation meet held in America Louis Paulhan, the representative of the French experts, used a monoplane similar to the one in which Blériot crossed the English channel and a biplane constructed on the plans of Henry Farman. Both his record flight for height, in which he ascended 4,140 feet, and his cross country trip, when he flew more than twenty-three miles and return, covering forty-seven and one-half miles in 1 hour 2 minutes 42.5 seconds, were made in the biplane. According to the report of the treasurer, the Los Angeles meet was a great success. The daily attendance averaged 30,000, and the receipts were close to \$20,000 a day.

THE DAYTONA DAILY NEWS

Published every evening, except Sunday, from December 1 to April 1, by THE GAZETTE-NEWS CO. T. E. FITZGERALD, Editor-Manager. C. S. HARRIS, City Editor. Geo. F. CROUCH, Superintendent. Entered as second-class matter December 1, 1908, at the post office at Daytona, Florida, under the Act of March 3, 1879.

HOLLY HILL

HOLLY HILL, Feb. 16—Mrs. Dav. enport went on Sunday to Jacksonville to meet Miss Perry and other friends, returning with them by auto on Tuesday, after remaining all night at St. Augustine.

Mr. and Mrs. Eckerson and baby girl, from Englewood, N. J., accompanied by the Misses Dill, arrived on Sunday to spend some weeks with Mrs. Balmer the mother of Mrs. Eckerson.

Rev. Abercrombie held services here on Sunday afternoon.

Amongst our visitors were Rev. McGrath, of Ormond, Bishop Gray, Mr. and Mrs. Milligan, Mrs. John Milligan and Mrs. A. Hand.

Dr. Crow left last week for Jacksonville.

Why is it there are so few gentlemen drivers of autos? It would seem so from the absence of courtesy of our lady riders met an auto in a narrow part of the road; she turned to the extreme edge of the bank but that did not satisfy Mr. Chauffeurs, he wanted that little bit more, though there was plenty of room on the other side, so the insignificant cyclist was compelled to fall off down the bank. Is driving an auto like learning to ride a bicycle? Do you have to run over any object that appears on the road?

KINGSTON

KINGSTON, Feb. 17—Mrs. E. S. Manuel, of Waxahatchee, Texas, arrived on the 11th, from Bartow, where she has been visiting relatives, and will be guest of her sister, Mrs. M. J. Davis, the rest of the season. Mrs. Manuel is always gladly welcomed by her many friends in Kingston on her annual visits here.

Among the arrivals at the Ferndale are: R. E. Norton, of Melrose; Frank Sullivan, Starke; B. Fry, Cincinnati, Ohio; Wilson Streeter, of Penna and D. Jones, of Columbus, Ohio.

C. C. Jones from Kansas, has taken the Mallory house on North Ridgewood for the winter. He says he got Florida sand on his feet when here several years ago and could not stay away.

J. Fitzgerald, of Boston, is at the Ferndale again for the season. This is his second winter here, and he regards Daytona and its suburbs the best all round winter resort in Florida.

Real Good Steak.

"We can't eat this steak: it's not good!" complained a young man who was spending his honeymoon in a Scottish village.

"Ye're surely jokin', sir," said the landlord of the inn. "It maun indeed be guid. It's a bit o' the minister's auld coo!"

Higher.

"But our ideals!"

"What of them?"

"Are they higher than they were a generation ago?"

"Sure. Everything is higher now."—Louisville Courier-Journal.

BARN BURNED: TWO HORSES ROASTED.

HARMON CLIFTON AWOKE THIS MORNING AND FOUND NOTHING OF BARN BUT ASHES.

Harmon Clifton, who lives west of Kingston, went out to feed his horses this morning and discovered that during the night fire had destroyed the barn and roasted his two horses and a number of hogs. The cause of the fire is unknown.

AEROPLANE TODAY PLACED ON MARKET.

LONDON, Feb. 18—Aeroplanes were placed on the market by the Hummer Company today. The price-list issued quotes monoplanes, three cylinder, 30 horsepower, at \$2,250; four-cylinder, 50-horsepower, \$3,875; biplanes, four cylinder, 50-horsepower, \$5,500.

The rehearsal scheduled for this afternoon at the Opera House for "Alice in Wonderland," is postponed until tomorrow at ten o'clock, on account of rain.

Enough to Frighten One. Tommie—Does your papa frighten you when he tries to make you go to sleep? Ethel—Yes; he sings to me!—Yonkers Statesman.

The man who can govern a woman can govern a nation.—Balzac.

CAPTURED LARGE SAWFISH WHILE MOTORING ON BEACH.

An auto party of guests of The Howard, consisting of A. E. Donnelly, A. Geiger, H. S. Cunningham and Raymond F. Brown and son, Norman, had quite an adventure on the ocean beach, Thursday afternoon, in the capture of a large sawfish which had followed a small fish into shoal water, while trying to catch it.

The gentlemen jumped from the automobile and rushing into the surf succeeded in landing both pursuer and pursued, after quite a struggle with the former, which persisted in slashing at them with the formidable weapon with which nature had provided it. By clutching it by the tail they finally dragged it from the water and tied it to the rear of the car, later putting it upon the running board to bring it to the hotel.

They stopped at the Kodak Place and Mr. Lesesne made a photograph of the party. The fish was about six feet in length and weighed probably seventy-five pounds. The saw blade was sixteen or seventeen inches long.

The Penalty

Jinks—How much do you think a minister ought to get for marrying a couple? Filkins—Well, if wholly unacquainted with them, perhaps he might be let off with six months.

NEWS OF THE HOTELS

Mrs. W. H. Casswell, a guest at the Ridgewood, left yesterday for Palm Beach on a two week's visit.

Rev. Frederick Gardner and wife, Mr. and Mrs. J. R. Walker, Mr. and Mrs. Bates S. Weil and Mr. and Mrs. M. T. McEldowney, guests at the Pines made the Tomoka trip yesterday.

A bridge party at the Prince George (eleven tables) was held Wednesday evening. Mrs. Hannet won first ladies' prize and Mrs. Gabeler second. Gentleman's first went to Mr. Hannett; Mr. Benz, second.

Yesterday's arrivals at the Despland. Thos. Watt, Philadelphia; Mr. and Mrs. W. C. Carland, Albany, N. Y.; Joseph Carland, Albany, N. Y.; H. M. Turner, Chicago; F. D. Miller, Birmingham, Mrs. J. Hughes, Miss Hughes, Buffalo, N. Y.

The following party from the Pines went motoring to DeLand, DeLeon Springs and Lake Helen Wednesday, had their dinners at DeLand and enjoyed a fine outing: Mr. and Mrs. Adam, Cornelius, Mr. and Mrs. J. K. Walker and J. S. Wright.

Recent arrivals at The Pines: A. E. Collins, Boulder, Colo.; Frederick M. Gardner and wife, and Mrs. E. T. Underhill, Boston; John S. Wright, Lynn, Mass.; Ed Mackie and family, Houston, Texas; Thos. Lan and wife, Winchester, Ky.; Mrs. M. E. Pue, Miss M. Pue, Miss M. E. Pue, Delta, Pa.

Yesterdays arrivals at the Ridgewood: Mr. and Mrs. Jas. McCaudle, Boston; J. R. Adams and wife, Cincinnati; Mr. and Mrs. R. S. Spalding, Lynn, Mass.; Henry Martin, New York Mr. and Mrs. S. Akmayer, Jacksonville; G. W. Davidson and wife, Wichita, Kan.; W. H. McCurdy and wife, Miss Hazel McCurdy, Evansville, Ind.; Mrs. Joseph E. Smally, Miss Elizabeth Smally, Philadelphia; S. Frankfield, New Haven, Conn.; Mr. and Mrs. Jnc. Gross, Mrs. A. S. Roberts, H. B. Butts Philadelphia; Walter Price, Westerville, R. I.

Recent arrivals at the Prince George. Mr. and Mrs. J. E. Kenny, Mrs. Thompson and daughter, C. Drury, New York; Miss N. Silverman, Rochester, N. Y.; Miss Louise Relber, Rochester, N. Y.; Mr. and Mrs. S. P. Johnson, Richmond, Va.; Mrs. Thompson, Mrs. Carlat and son, Toronto, Can.; S. B. Briggs, Buffalo, N. Y.; D. H. Howes, Boston; Mrs. Schultz, Philadelphia; Mrs. S. B. Howes, Boston; F. F. Chadwick, Asbury Park; L. R. Tindal Atlanta, Ga.; C. F. Miller, Terre Haute, Ind.; Mr. and Mrs. Samuels, Hartford, Conn.; A. C. Maron, W. V. Park, Philadelphia; A. J. Stewart, Cleveland; Mr. and Mrs. W. H. Fahrney, Chicago; G. A. Thatcher, Hopewell, N. J.; Mrs. C. H. Feller and son, Hopewell, N. J.; Mr. and Mrs. P. S. Wilson, Philadelphia; B. L. and C. R. Biles, Rising Sun, A.; J. L. Kerrigan, New Haven, Conn.; Mr. and Mrs. E. Smart, St. Louis Mo.; G. H. Thomas, New York; Mrs. D. C. Adams, Miss Adams, Miss; Mr. and Mrs. C. J. Heaslip, Mr. and Mrs. Kolinitz, Mass.

A party from the Prince George visited the Tomoka Monday in search of black bass. A good catch was made considering the recent cold spell.

Messrs Heaslip and Kolinitz passed through Daytona yesterday enroute to Tampa from Westfield, N. J. They spent the night at the Prince George.

The weekly pool tournament at the Prince George was again won by Mr. Dillingham. He has only to win the handsome trophy put up by Mr. French of Chicago, once again, to own it outright.

The First Wire Nail.

Although the wire nail is a small thing, it would be a big thing to do without. Probably no one could estimate the millions or billions or trillions--whatever the number may be--that are used in a single year. Yet the first wire nails in the United States were made no longer ago than 1872. The first machine for their manufacture was brought over from Dusseldorf and set up in Covington, Ky. Later this single machine was multiplied by four and a company was organized. In 1884 the manufacture of wire nails was begun in Beaver Falls, Pa., and the product was already beginning to grow in popularity and usefulness. Just a year later a strike temporarily shut off the manufacture of cut nails, and the wire nail was in such demand that the manufacturers were swamped. From that time dates the supremacy of the wire nail--Chicago Post.

The First Fireless Cooker.

Soon after the battle of White Plains, N. Y., while the American forces were drifting toward North Castle, the lone occupant of a house, one of the Pierce families, on the Bedford road at Pleasantville, N. Y., looking out of the window, desecrated a posse of Hessian soldiery coming up the pike. Having just placed a number of loaves of bread in the old Dutch oven, she bethought herself that it would be well to secrete them until the soldier band passed. She at once removed the loaves, which had already become heated, and ran up in the attic and placed them between two feather beds. The soldiers arrived in due time and soon appropriated everything removable. After their departure the housewife remembered the bread exodus, ran up the stairs, and lo, the bread was done to the "queen's taste."--Magazine of American History.

Figure It Out.

A beggar boy asked an old gentleman in the street for sixpence.
"What will you do with it if I give you one?" asked the old gentleman.
"Turn it into ninepence quick," replied the boy.
"How?"
"Give me the sixpence and I'll soon show you."
The boy got the money, darted off to a baker's shop and bought a three penny loaf, with which he returned to the old gentleman and handed him back 3 pennies.
"How's this? You said you would make the sixpence into ninepence."
"So I have. The baker's got threepence, you've got threepence, and I've got a threepenny loaf. That's ninepence."--Pearson's Weekly.

Late Hour Explained.

"What kept you until this late hour?" asked the husband of his suffragette wife.
"Well, my dear," she answered meekly, "you see it took us an hour to greet one another, the meeting lasted thirty minutes, and the rest of the time was spent in saying goodbye."--Detroit Free Press.

Getting Away From Land.
The question has been asked, is it possible to sail 1,000 miles from land? This can be done at several points. By leaving San Francisco and sailing northwestward into the north Pacific a spot is reached where there is no land, not even an islet, for 1,000 miles in any direction. So, too, sailing from the southern point of Kamchatka southeastward ships reach a point equally distant from land of any kind, the nearest to the north being the Aleutian islands and to the south the outlying members of the Sandwich group. In the southern Indian ocean it is possible to sail 1,000 miles out from the southern points of Australia and New Zealand and still be as far from any other land, and the same may be done in a westerly direction from Cape Horn. Indeed, from this point a much longer distance might be reached, for the southern Pacific between the Horn and New Zealand covers a space of 80 degrees of longitude and 40 of latitude of absolutely unbroken sea, making its central point over 1,200 miles from anywhere.

How Every Man Should Vote.
"Anybody who doesn't vote my way is a darned fool!" exclaimed a little man on an outbound trolley car.
"What's that?" asked a big man, turning around in his seat and looking back.
"Anybody who doesn't vote my way is a darned fool!" repeated the little man.
"Did I understand you aright?" asked the big man, rising from his seat and coming back to the rear of the car where the little man was seated.
The little man looked the big man over, but he was game and said once more, "Anybody who doesn't vote my way is a darned fool!"
"Hold on a minute said the big man, who seemed on the point of starting something. "First tell me which way you are going to vote."
A foxy gleam shot into the eyes of the little man, and he piped as dauntlessly as ever, "I'm going to vote any way I darned please!"—Birmingham Age-Herald.

Trapping Baboons.
Hagenbeck in his book says that baboons are caught in traps made much like the huts of savages. Food is put into the huts, and once the baboons go inside a trapdoor closes behind them. Outside baboons make a great deal to do and urge the prisoners to escape. When the trappers come the captured baboons are terror stricken and try to force their heads through the walls of the huts. One baboon was caught three times in the same trap, and several when turned loose got back into the same trap a second time. When the baboons are carried away all their comrades thereabout climb into trees and scream out to the prisoners, who answer in sad, mournful voices. On one occasion some big Arabian baboons were trapped, when 2,000 or 3,000 baboons hurled themselves upon the trappers, who had hard work to save themselves with firearms and clubs. As the trappers were forced back the victorious baboons tore up the trap and turned loose the captured baboons.

Ink at \$100 a Pound.
"The best India ink—it should really be called China ink—never leaves China," said a missionary. "It costs \$100 a pound, and the scribes use it in writing the correspondence of the royal family and the mandarins. India ink is made of the oil of poisonous seeds of the sesamum or colza tree. Varnish and pork fat are added to the oil, and then, by means of combustion, all is changed to lampblack. The lampblack paste mixed with glue is beaten for days on an anvil, and musk is gradually mixed in to give perfume and the purest gold leaf to give a rich luster. Finally the ink is dried in molds for about a month. What makes the best India ink so costly is its purity and, above all, the long time given to its combustion and subsequent beating. If you saw its beauty you wouldn't think it dear at \$100 a pound."—Philadelphia Bulletin.

The Salesman.
Young man, I had decided upon your immediate discharge. One big redeeming trait of your character as just now revealed restrains me. Your loyalty is all that saves you. Stick up for your house every time. A salesman's five cardinal points are loyalty, enthusiasm, hard work, persistence and tact. You have much of the first four and none of the last. Smooth yourself down. You talked to the lumber company man at the wrong time. When he said he was too busy you should have smiled and got out. You can only sell to a man when he is in the right mood.—Book-keeper.

The Alternative.
A tramp went into a farmhouse recently, and, seeing no one but an old woman, he said in very fierce tones, "Give me a drink of milk or else!"
But a man came behind him suddenly and, catching him by the neck, said, "Else what?"
"Else water," said the tramp humbly.—London Tatler.

Govern Yourself.
He who is his own monarch contentedly sways the scepter over himself, not envying the glory to the crowned heads of the earth.—Sir Thomas Browne.

How to Do It.
If you value your friendships, don't borrow money, don't lend money, don't advise others how to invest their money.—Albany Journal.

The darker the cloud the brighter the sun when he breaks through the rift.

Got the Train Stopped.
When the late Robert Bonner purchased Maud S. he sent her to Charter Oak park to be trained. One day a friend of Mr. Bonner left New York to visit him at the park, but found that the train did not stop at that station. The conductor was polite, but said that he could not go against orders. At New Haven a halt was made, and Mr. Bonner's friend tried to bribe the engineer with a ten dollar bill, but in vain. He was then told that Charles P. Clark, the president of the road, was on the train, and he went to him.
"Why don't you see the conductor?" asked Mr. Clark.
"I have, but he will not disobey orders."

"Why not then go forward and bribe the engineer?"
"I tried bribery at New Haven, but it would not work."
The absence of evasion was the best policy. Mr. Clark not only gave orders to have the train stopped at Charter Oak, but promised some day to see Maud S. He had witnessed the attempt at bribery, and the frank confession of the offense seemed to please him.

Preparing For a Journey.
Jerome K. Jerome recalled with reverence a habit of his methodical uncle, who, before packing for a journey, always "made a list." This was the system which he followed, gathered from his uncle's own lips:
Take a piece of paper and put down on it everything you can possibly require. Then go over it and see that it contains nothing you can possibly do without.

Imagine yourself in bed. What have you got on? Very well; put it down, together with a change. You get up. What do you do? Wash yourself. What do you wash yourself with? Soap. Put down soap. Go on till you have finished. Then take your clothes. Begin at your feet. What do you wear on your feet? Boots, shoes, socks. Put them down. Work up till you get to your head. What do you want besides clothes? Put down everything.

This is the plan the old gentleman always pursued. The list made, he would go over it carefully to see that he had forgotten nothing. Then he would go over it again and strike out everything it was possible to dispense with. Then he would lose the list.

Chicago the Danger Line.
"Speaking of fishballs," remarked an ardent New England admirer of that form of food who was eating in a Dearborn street restaurant the other day, "I will tell you a sad, sad truth about them."

"If you order them in Boston they are practically all fish. Yes, sir—solid, bona fide fish. Move west a bit—to Albany, say. What happens? The amount of fish in each fishball has dwindled. Proceed to Buffalo. A certain self assertiveness begins to be apparent with the fish. On to Cleveland! Fishballs there are half potato, half fish, with the accent on potato. On to Chicago! There potato has the upper hand."

He groaned.
"How is it in the far west?"
He leaned forward.
"I've never dared travel farther west than Chicago!" he whispered hoarsely.—Chicago Tribune.

Golf in the Old Days.
Centuries back golf was a pastime of the royal family, though then usually played in Scotland. The Stuart family was very fond of the game, and the first English club was established at Blackheath in 1608 by James I. His eldest son, Henry, frequently played and on one occasion nearly struck by accident his tutor with a club, whereupon he coolly remarked, "Had I done so I had but paid my debts." Charles I. was playing golf when he received the news of the Irish rebellion. James, duke of York, afterward James II., was another ardent player. Golf is frequently mentioned in ancient Scottish records and in the fifteenth century was prohibited because it interfered with the practice of archery. Strutt considered it the most ancient game at ball requiring a bat.—London Standard.

Vegetable Chat.
"I see that some college professor has been saying that he believes that vegetables can see and hear while growing in the garden."

"Is that so?"
"Yes; not only that, but he believes that ages hence they will be able to converse with one another."

"Oh, that's old?"
"What's old?"
"Vegetables conversing. I've often heard 'Jack and the Beans-talk.'"

Maid Worth Having.
The Mistress (entering the kitchen)—Jane, didn't I hear a dish break a minute ago. The Maid—I hope you did, mem. It made noise enough. If you hadn't heard it I should have thought you were getting deaf, and that, you know, would be awful.—Boston Transcript.

Cause and Effect.
The Earl of Ennui (dreamily)—Wish I just had er million and ten years ahead of me. Baron Beating It—Well, you grab the million and you'll get the ten years all right, all right.—Puck.

Then What?
Mrs. Hoyle—My husband doesn't care for money. Mrs. Doyle—That adds to the mystery as to the motive for his marriage.—New York Press.

Sure Thing.
Bill—When all the fools are dead I don't want to be alive. Jill—Well, don't worry; you won't be.—Yonkers Statesman.

LOST WATCH WAS

RESTORED TO HER

Miss Evelyn H. Harvey, of Second avenue, lost a gold watch Wednesday evening, while attending the carnival, but was fortunate enough to recover it.

The watch was picked up later in the evening by Marshal Myers' son, Wilson, who carried it home, but the next morning, learning of the ownership, returned it to Miss Harvey, to her great joy.

A Hactor Outrigger.

A publisher's reader at a literary club bestowed a group of novellas. "You claps," he snarled, "must always be eating new words. Good English isn't good enough for you. In the last half dozen manuscript novels I turned down there were such horrible neologisms as 'he belched,' 'she parroted,' 'they shivered,' 'he glimpsed her,' 'it supremed,' and so forth. Fought!"

"Let me inform you," cried a novelist defiantly, "that your remark shows a pitiful ignorance on your part of our mother tongue. As for 'shivering,' Tennyson writes:

"With petulant thumb and finger shivering 'Hence!'"

"Chapman, the great Chapman, is an authority for 'parroted.' 'Glimpsing' has been used by Howells and Lowell, and 'supreme' as a verb may be found in Shelley's letters."—Washington Post

Origin of White Race.

The discussion of the precise locality where the primitive man developed into the white race is by no means settled as yet. The old theory that the Aryan or white race began in Asia is still held by many high authorities, but other authorities equally high maintain that the original "white man's country" was Europe and that from Europe the race spread to other parts of the world. It is safe to say that the last word upon the subject has not yet been spoken. The debate is still open and will probably remain so for a very long time to come.—New York American.
